

# Increased Annual Giving to Support Ongoing Ministry

CFS-IP05.5

## Growing Joyful Stewards with an “Increased Giving Stewardship Emphasis”

Is your congregation struggling to meet increased operating costs? Are expenses associated with adding new staff and maintaining new facilities challenging your ability to balance your budget?

We can design an “**Increased Giving Stewardship Emphasis**” to help grow joyful stewards within your congregation and raise proportionate giving to new levels.

### What Is an Increased Giving Stewardship Emphasis?

It is a process whereby a Capital Funding Services consultant:

- ◆ Helps you effectively communicate how your ministries are fulfilling your mission.
- ◆ Involves members in a Bible study designed to help them discover their “steward shape.”
- ◆ Leads members through a special workshop that encourages them to experience the joy of giving at the level of the tithe and beyond.

### What’s Involved in an Increased Giving Stewardship Emphasis?

Each congregation has a unique set of needs, priorities, and ways of operating that distinguish it from others. We will custom design your emphasis to address your unique setting and challenges.

We will:

- ◆ Help you clarify your short-term ministry needs.
- ◆ Help you develop a communication strategy for making members aware of your ministry opportunities.
- ◆ Provide Bible study resources to nurture growth in stewardship and discipleship.
- ◆ Lead members through our “Shaping the Disciple” workshop:
  - Taking a fresh look at God’s plan and desire for the Christian steward.
  - Encouraging members to make the tithe (and beyond) a goal of their stewardship response to God’s grace, provision, and calling.

### What Are the Expected Results?

Your members will:

- ◆ Understand how ministries are threatened by lack of funds.
- ◆ Understand the “steward shape” God has in mind for them.
- ◆ By God’s grace and blessing, joyfully and significantly increase their giving.

You will:

- ◆ Have a spiritually renewed congregation!
- ◆ Be better equipped to move forward with your growing ministries! ■
